

Script for use with the L.O.W.R.A. Thursday Night Net

Good evening! This is (*call*)* opening the Lake of the Woods Amateur Radio Club Thursday Night Net. My name is (*first name*)*, and I will be your net control operator this evening. This net meets every Thursday nights at 7:30PM local time on the frequency of 147.090 MHZ first, then on 147.000 MHZ and then after that on 443.000MHZ.

It is intended for net training as well as announcing items of interest to the local ham community. This net will be a formal net for checking in and an informal portion for general comments. This is a directed net, so please address all queries and comments to the Net Control Station. When checking in, please state your call and your name.

Are there any mobile stations? If so, please check in now...
(announce who checked in as well as keep a written list)

Are there any stations on “short time”? If so, please check in now...
(announce who checked in as well as keep a written list ask if they have any comments)

We begin regular check-ins now announce who checked in as well as keep a written list)

Next ask for any Additional stations A through Z (Alpha through Zulu)
